

Whatcom Soccer Academy Summer Soccer Day Camps

Whatcom Soccer Academy (WSA) works hard to meet the needs of the soccer community! During our 4 day summer soccer camps, our campers are divided into groups by age and ability to ensure fun active learning. If new to the game of soccer, players will learn the basics. The older more experienced players will enhance their technical ability and skill. Soccer skills are taught to our campers through fun games and exercises aimed to foster a love of the game and develop basic skills. The campers then have the opportunity to transfer their new skills into small-sided games. The curriculum is proven to create a complete player with skill, confidence and a passion for the game! Our **Advanced Camp** is offered at our three Northwest Soccer Park Camps. The Advanced Camp is designed for kids 9 to 12 years old and is tailored for those players interested in playing select soccer in the future.
